

Fun Things Happen at St. Andrew Preschool!

Art Gala - Art Gala provides an opportunity to showcase artwork from our entire student body. All of the art is student created, process art. St. Andrew Preschool alumni are also invited to participate by showcasing their masterpieces. During this event we invite guest artists to demonstrate their various types of artwork and how it's created. The event is a festive, family atmosphere that occurs in the Spring semester.

Biscuits and Buckaroos - The 4 year old classes participate in a special, western themed event with their dads. Square dancing, eating chicken and biscuits, singing over a campfire and practicing their lasso skills, makes for a fun time for all!

Firefighters Visit - Our local firefighters are invited to visit to teach our 3's through Pre-K 5 classes about fire safety. Students explore the in's and out's of a fire truck and learn about the importance of having a safe meeting spot outside the home.

Lunch Bunch - Lunch Bunch days are the best days! Parents and students alike look forward to them. Lunch Bunch occurs four times a year, twice in the fall semester, and twice in the spring semester. Parents preorder and prepay for their children to have lunch catered in from Chick-fil-A. Parents enjoy a day off from making a lunch, and the kids love eating their Chic-fil-A meals!

Mother's Day Celebration - The 4's and Pre-K 5 classes host a lovely Mother's Day Celebration each year. Students sing songs, prepare a gift for their mom and serve sweet treats to share their love.

Open House - Open House is a fun time for students to share their classrooms and hard work. Parents have a chance to participate in exploration centers with their child and meet our amazing enrichment teachers. Following Open House, families are invited to St. Andrew Methodist Church's Trunk or Treat.

Spirit Days - Spirit days provide an opportunity to show our school spirit. All students and staff wear their favorite SAP merch to celebrate on the designated days. You might even catch a glimpse of our school mascot "Ollie" on these days.

2's Music Program - Each spring our two year old classes perform the songs they have learned in class throughout the year. It's inspiring to see the children's confidence in performing and their love for music shine!

3's Music Program - The 3's classes perform a Christmas concert to celebrate Jesus' birthday.

4's End of Year Celebration - The end of year celebration for the 4 year old classes is a very sentimental occasion. There is a video presentation to look back on all the wonderful things these students did and accomplished throughout the school year.

Pre-K 5 Graduation - The Pre-K 5 class ends the school year with a graduation ceremony in caps and gowns! Students are invited to share their favorite things about the year.

The list goes on and on... Polar Express Day, Field Day, Summer Fun Days, Veterans Day, Gardening, Mother Goose, Grinch Day, Rocket Launching, Family Chapel.... the fun never ends!

Come Join The Fun!
