

Volunteer Roles at True North VBS -Adults

Cabin Coach - Adult Volunteer - 30 Needed

The greatest need for Adult Volunteers is **Cabin Coach** at True North VBS. As the responsible adult in the cabin, you'll be the backbone of the team, supporting Student Crew Leaders as they pour their energy and faith into the campers. Your guidance and mentorship will be crucial in helping these young leaders grow and flourish in their roles. By fostering their leadership skills, you'll empower them to inspire and nurture the campers, creating a ripple effect of faith and enthusiasm.

Duties and Responsibilities:

- Mentor and Guide: Ensure Student Crew Leaders are managing their groups effectively, arriving on time, and modeling responsible behavior.
- Check-In and Check-Out: Collaborate with your Color Group partner(s) to visually check in and out campers using the iPad Classroom Manager portal. Remind parents or guardians to retain the security tag for camper pick-up.
- Lanyard Management: Assist with the distribution and collection of lanyards, ensuring campers have their name badges affixed daily.
- Break Coordination: Ensure Student Crew Leaders take their designated breaks, stepping in as a crew leader in their absence. Remember to take your own break.

What You'll Gain as a Cabin Coach

Being a Cabin Coach is not just about supervising; it's an opportunity for personal growth and community engagement:

- Leadership Development: Enhance your leadership skills by mentoring young leaders and managing dynamic group activities.
- Community Building: Connect with fellow volunteers and create a supportive environment that encourages faith and friendship.
- Faith Enrichment: Experience personal spiritual growth as you guide others in their faith journeys and witness the positive impact of your mentorship.
- Continue Leading: We encourage you to consider extending your leadership beyond VBS, participating in Sunday programming, and continuing to mentor these young hearts.
